New contract let on Army Ammo Plant

The U.S. Army Corps of Engineers reports award of a second contract for continued construction of the Mississippi Army Ammunition Plant being built at NSTL.

The announcement was made by T.C. Waller, Corps area engineer.

The contract for a third increment site development of a cargo metal parts area was awarded to Construction Management Engineers of Miami, Fla. This contract, in the amount of \$2,942,500, will provide for canal work and a complete railroad system.

The contract further requires clearing and grubbing in the Load, Assembly, and Pack (LAP) area and in the waste disposal area for unsuitable materials.

The contract also includes eight new drainage ditches, according to Waller.

Construction of the 155 MM ICM Projectile Metal Parts Facility is progressing close to schedule with a projected completion date in early 1981.

HEROISM AWARD-Mrs. Sylvia Cure receives a special award of appreciation from Hancock County Chamber of Commerce President Dick Thomas citing her for heroism in saving the life of a two-year-old New Orleans child on May 11. Mrs. Cure is the proprietor of a fish market at Bayou Cadet Marina who gave month-to-month resuscitation to the child after he was pulled from the water at the marina. Thomas called the act "very heroic" in extending the Chamber's congratulations to Mrs. Cure. (Staff photo-Rich Adams)

McCullough, patrons clash over record duplication

By RICH ADAMS

A conflict between Bay St. Louis Municipal Separate School patrons and Superintendent J.D. McCullough concerning copies of the board's official minutes may force the school board to make a precedent-setting decision next month.

The conflict stems from a group of concerned parents requesting certified copies of 18 months of school board minutes, a request which North Bay Parent-Teacher Organization President Lana Noonan says was refused four times by McCullough.

McCullough, however, said Wednesday he did allow the patrons access to the minutes, but does not have the authority to comply with the request for copies.

included in the official minutes.

"In the May 14 meeting, the minutes which were read did not mention my presentation objecting to Policy 18 and offering the board \$14,000 for air conditioning at North Bay," Noonan said Wednesday.

"Citizens do not have to qualify to examine public records like the minute books. I do not have to qualify for my rights," she continued.

Bay Small Cities project advances

By LESLIE WILLIAMS

A survey, the first hurdle preventing a 1978 Small Cities Grant to the City of Bay St. Louis from being implemented is underway and should be completed today or Friday—weather permitting—reports Brown Engineering Inc. of Gulfport.

Brown's announcement came during an interview Wednesday.

The \$200,270 Housing and Urban Development (HUD) grant will finance sewerage and water construction in the 500 blocks of Kellar, Sycamore and Washington streets.

In a related development, Bay St. Louis Mayor Larry Bennet reported last week the Bay jeopardizes its chance to receive a \$272,000 HUD 1979 grant for sewer and water improvements on Easterbrook, St. John, State and DeMontluzin streets if the contract on the \$200,270 1978 grant is not let by July 15.

Brown says once the survey is completed he will present the information to the City.

The survey will then be given to Bay St. Louis city attorney Joseph Gex so

that a legal description can be prepared—a second hurdle.

Gex, unavailable for comment Wednesday, is out of town and will return Monday, according to reports from his office.

"Two appraisals of six lots—the third hurdle—will be needed after the legal description is completed," Mayor Bennet said yesterday.

The mayor said Ronnie Murray, administrator for the Small Cities project will be responsible for hiring the appraisers.

Murray reported Ames Kergosien will perform the first appraisal.

"After the appraisals are finished we'll then have to approach the property owners—the final step before letting of the contract," Bennett explained.

CG Auxiliary offers boat safety checks

The U.S. Coast Guard Auxiliary Flotilla No. 35 in Pass Christian will man boating safety booths Saturday and Sunday offering courtesy motor boat safety inspections.

Vessels passing the inspections, to be made in connection with National Safe Boating Week, will be issued a Coast Guard decal, according to Harold Eddins, flotilla spokesman.

The booths will be set up at Gulfport, Long Beach, Pass Christian and Henderson Point small craft harbors, Eddins said.

E. Ladner seeks judge position

EUGENE LADNER

Eugene Ladner, 33, Dedeaux Community, has announced his candidacy for Beat Three Justice Court judge.

Ladner, a native of Dedeaux, is a longshoreman at Sea Land Terminal in Gulfport.

He was a 1964 graduate of Hancock North Central High School.

He lives in the Dedeaux Community in Hancock County with a mailing address of Route 1, Box 596, Pass Christian, with his daughter Cynthia.

"As Justice Court judge, I will be fair in upholding the laws of our state," Ladner said.

Hurricane season opens Friday; 10 since Camille

Tomorrow marks the beginning of the tenth hurricane season since the

Mississippi Gulf Coast was devastated by Hurricane Camille in 1969.

While there have been several near-misses, the Coast fortunately has not felt the full force of a killer storm since Camille.

And in the ensuing ten years, many new people have moved into the area who may have developed a complacency about hurricanes because the warnings in recent years have turned out to be false alarms.

Second juvenile flees county jail

By RICH ADAMS

A 15-year-old prisoner at the Hancock County Jail was apprehended Tuesday morning after he escaped from a juvenile holding cell Sunday and eluded law enforcement agencies for nearly two days.

The juvenile used the same escape route as a 14-year-old youth had a week earlier, squeezing through a small six-by-twelve inch air conditioning vent and racing through the front door in full view of the night radio operator.

Hancock County Sheriff Sylvan J. Ladner Jr. said the boy was arrested Sunday afternoon on shoplifting charges and detained in a regular jail cell in the rear of the jail built to house female prisoners.

The sheriff said Youth Court Counselor Jerry Saubagh insisted the boy be placed in a youth detention cell inside the sheriff's office building, and moved the boy to the cell where the vent cover had not yet been replaced.

The 15-year-old also squeezed through the vent and made a hasty exit about 5:15 p.m. Sunday through the front door of the sheriff's office, the only available exit, the sheriff reported.

The sheriff's department, assisted by Bay St. Louis and Waveland Police, began a search of the area for the

missing prisoner.

Deputies Ronnie Ferrell and Willie Herrington found the youth asleep at an automobile wrecking yard on US-90 in Waveland early Tuesday morning after they received a tip telling of the boy's whereabouts, Ladner said.

"I did not want to put him in the (juvenile detention) cell, but Jerry (Saubagh) insisted on it," Ladner said Tuesday.

"We had him in the women's cell out back—he wasn't even with other prisoners," he continued.

"If they (youth court officials) want to keep juveniles here for a long period of time, they will have to post a 24-hour guard in the hall," the sheriff said.

"One of those kids could come out here with a pipe or a stick of wood and hurt the radio operator," he continued.

"I have instructed my radio operators to lock their door if one of these kids breaks out and not to try to stop them from escaping," Ladner explained.

"These cells here are crackboxes. I am tired of babysitting for youth court. This situation is too dangerous for my workers," he added.

Ladner said he has added jailbreak to the juvenile's charges.

GEORGE E. BURLERSON

Burleson announces candidacy

George E. Burleson of Kiln has announced his candidacy for Beat Five constable.

The 40-year-old Pensacola, Florida native is a river pilot with B&M Towing Company.

He is a veteran of the U.S. Navy where he served two years.

Burleson and his wife, Leona, have four sons: Robert, 20; David, 18; Thomas, 17; Roger, 15; and one daughter, Casey, 11.

Burleson attended school in Seattle, Wash., and has lived in Kiln for 12 years.

Randolph qualifies for 2nd term

TERRY RANDOLPH

Terrell H. Randolph, resident of Hancock County, announced he is a candidate for re-election as Hancock County superintendent of education in the August primary.

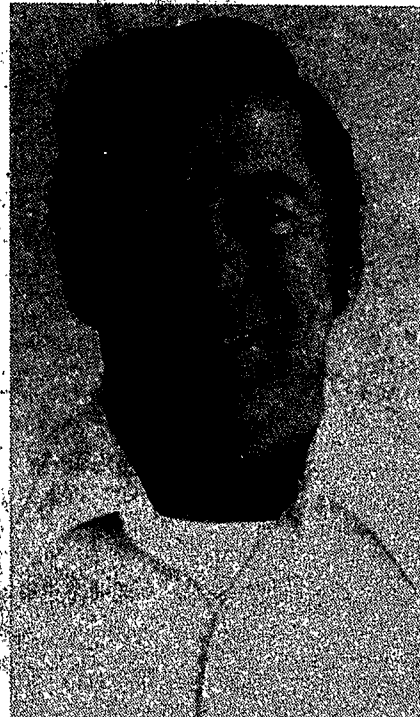

Randolph is a graduate of and former teacher in Hancock County schools. He received a Bachelor of Science degree from the University of Southern Mississippi and a Master of Education degree from Mississippi College.

"During my first term I have strived for continual growth and progress in the Hancock School District," the candidate said in his announcement. "I initiated tutorial reading programs in the schools and promoted spelling bees and expanded the curriculum to raise the academic standings of the students in all of the schools of Hancock County," he continued.

"We have instituted and are continuing 16th section land reform," he added.

"We have achieved academic and physical improvements at each of the schools and will continue to do so if re-elected," Randolph promised.

"I have been a full-time public servant during my first term as superintendent," he said, "and my record will reveal that during my entire term I have fought for the educational interests of the children and maintain that continued progress in all areas of education in Hancock County will be first and foremost in my continued service to our children."

GERALD A. TOMASICH

Tomasich runs for constable

Gerald A. Tomasich, 40, Bay St. Louis native, has announced his candidacy for District Four constable.

Tomasich, a pile driver foreman for S.K. Whitley of New Orleans, is a graduate of Bay Senior High and a 3.5 year veteran of the U.S. Navy.

While in the Navy he served two years as a shore patrolman.

He and his wife, Linda Ladner Tomasich, live at 450 St. Charles Street in Bay St. Louis.

Corps closes most bays at Bonnet Carre Spillway

All but seven of the Bonnet Carre Spillway's 350 bays in New Orleans have been closed by personnel of the U.S. Army Corps of Engineers' New Orleans District, a corps spokesman reported.

Seven were closed May 21 putting the total closed since May 7 at 343 bays.

The structure was ordered opened by Major General Robert C. Marshall, president of the Mississippi River Commission on April 17, 1979. At that time, the National Weather Service was predicting that the Mississippi River at New Orleans would rise to at least 18 feet, endangering recently constructed protection levees and putting water up against "sandbag" protection in areas where the levee is deficient in height.

Colonel Thomas A. Sands, New Orleans district engineer, said that the seven bays are being left open as a result of a barge collision that occurred a month ago. The barge crossing the Bonnet Carre structure that carry the operating cranes were damaged in the collision.

With seven bays open Colonel Sands estimated that some 5,000 cubic feet of water per second, or 37,000 gallons of water per second will be passing the openings into Lake Pontchartrain.

This will decrease as river levels continue to recede. When the river reaches 13 feet, the river will fall below the sill elevation and automatically close off the structure.

Bonnet Carre has been operated on five previous

occasions in 1937, 1945, 1950, 1973 and 1975.

Colonel Sands also pointed out that with the Mississippi River on a continuing fall, he intended to demobilize the district's flood fight organization on May 25. This

will mean that personnel in the 10 Corps section or field offices used to monitor floodings, levees, and adjacent river banks, will be brought back into the district office to resume their previous assignments.

USM - Gulf Coast increases fees

A fee increase has been announced by the University of Southern Mississippi for the regional campus on the Mississippi Gulf Coast.

Undergraduate fees will be \$31 per semester hour and graduate fees will be \$37 per semester hour, effective with registration for the summer term, according to Dr. Joe Holloway, dean of USM-Gulf

Coast. The increase marks an additional \$4 per semester in both the undergraduate and graduate levels. Previous fees were \$27 for undergraduate and \$33 for graduate.

The increase applies to all USM centers on the Coast; Gulf Park, Keesler and Jackson County.

Registration for the summer term will be conducted June 4 and 5. On June 4 registration will be from 9 am to 1 pm at Keesler on the second floor of the Sablich Center and from 4 pm to 7 pm in the Cafeteria of the Jackson County Junior College in Gautier.

Registration on June 5 will be at Gulf Park in Lloyd Hall from 1 pm to 7 pm.

Students may register for any USM class on the Coast at any of these locations to suit their convenience.

Schedules, registration materials and appointments to meet with advisors may be arranged by calling 864-6533 in Harrison County and 467-3636 in Jackson County.

Varnado reunion slated

The Varnado Families of America will hold their 12th annual family reunion on Sunday, June 3, 1979, at the Magnolia Community Center, Magnolia, Miss., six miles south of McComb, Miss., on Interstate 55.

Featured speaker for the event will be Mrs. Carolyn Blankenbaker Bridge of Houston, Texas, formerly of St. Louis, Missouri. She will also serve as president of the reunion.

Activities for the day will begin at 9:00 a.m. with the registration of members and guests. Persons attending are asked to provide their own identification badges, giving name and address on a 3 x 5 card, with name and relationship of oldest known ancestor.

Descendants of all Varnado lines, allied families, and friends are invited and urged to attend the reunion, meet descendants of other lines, and enjoy a day of fellowship. Persons attending the event should bring their own food and supplies for the picnic lunch at noon to be held in the main hall at the center.

Lamette Ladner, and Mrs. Jean Halterlein. Following the elections, featured speaker Patricia Kimbel, a reading consultant, discussed ways in which to

'An Act of Congress' airs on METV tonight

A documentary that tells a familiar - but seldom understood - story will be broadcast at 9 p.m. tonight on the Mississippi ETV Network. "An Act of Congress," explains how a bill becomes a law, follows the people working for and against the Clean Air Amendments of 1977 (H.R. 6161), as the needs for jobs and lower costs clashes with the drive for a cleaner environment.

The behind-the-scenes look at how Congress really works follows the politicians as they argue, plot, strategize, round up support, barter for votes, make compromises and finally watch patiently as the votes are cast, determining whether jobs and lower costs will take precedence over a cleaner environment. The protagonists are two senior Congressmen, Paul G.

Rogers (D-Fla.) and John D. Dingell (D-Mich).

Rogers, now retired, was chairman of the Subcommittee on Health and Environment of the House Interstate and Foreign Commerce Committee. He introduced the Clean Air Act in an attempt to further limit the amount of automobile fumes allowed to be discharged into the air. Dingell, a representative from Detroit, sought to change Roger's proposal by easing the restrictions on automakers who said the bill would force them to close their plants and put thousands of people out of work.

Longo named to Dean's List

Steven Michael Longo of Waveland has been named to the Dean's List at Mississippi College for the second semester of the academic year.

Dr. Charles Martin, vice-president for Academic Affairs at the Clinton Institution, announced the names of those students who had maintained a 3.5 or better grade point average based on a 4.0 system. Of the 2325 students named to the list, 127 recorded straight "A" averages.

In order to be eligible for the Dean's List, a student must be taking a full course load of 12 semester hours. Selection is based upon grades received in academic work only.

Bay St. Louis Attorney Joseph Benvenuti, chaplain of Clement R. Bontemps American Legion Post No. 139, was featured speaker at Memorial Day Services Monday in Bay St. Louis and Waveland honoring America's War dead.

Benvenuti urged a return to celebrating Memorial Day on May 30 rather than on a Monday giving federal, state and business employees a three-day vacation.

The featured speakers, also chairman for the Bay St. Louis Memorial Service, told of the importance of the 'eternal debt this nation owes to all of the soldiers, sailors, marines and airmen as defenders of its shores.'

Bay St. Louis services honoring war heroes was held at 10 a.m. at the grave site of Clement R. Bontemps in St. Mary's Cemetery, conducted by Post No. 139's members and auxiliary members.

Taps were played by Bay Senior High band member Marc Sivori.

Auxiliary member, Mrs. Lena Cuevas of Waveland, put a wreath on the grave of Bontemps. Loudspeakers for the occasion were by J. W. Page's Sound Systems.

Bay Senior High Band, under the direction of Glen Page played the National Anthem during colors presentation at American Legion Post 77's Memorial Day services.

Rev. Charles Johnston, pastor of Christ Episcopal, gave the invocation and Father Scanlon, pastor of St. Clare's Catholic Church, gave the benediction.

Dave Markey, World War One veteran, was introduced as a distinguished guest.

Frances Stork and Floyd Breaux were the co-chairmen of the Waveland Services which featured refreshments served after the celebration.

V.F.W. Auxiliary No. 3253 visited cemeteries in Hancock County on Memorial Day.

Mrs. Lucille Boudreaux, President, and Mrs. Genevieve Cole placed red, white and blue wreaths at the Pray monument, St. Mary's Cemetery, The Garden of Memories, Waveland and Pearllington Cemeteries.

For those lost at sea, a wreath was cast into the Bay of St. Louis.

Gulf Coast Chapter, Daughters of the American Revolution, honored America's War Dead by placing a wreath in Bert Jones Memorial Park in Gulfport.

Regent, Mrs. Fred Siquefield and Vice Regent Mrs. James Coker officiated.

Keesler AF Base Commander Col. Lester R. Terrell delivered an address explaining when and how Memorial Day began in Columbus, Mississippi.

Also participating in the 111th observance were Past Regent Mrs. Robert Bird, Recording Secretary Mrs. Nolan Barrios and Mrs. Thomas Morris.

After the ceremonies, Chapter members met for lunch hosted by VFW Post 2539 at the Post Home in Gulfport.

Text of Judge Benvenuti's speech in Bay St. Louis and Waveland follows: "Memorial Day, along with other days set aside to celebrate historical events, has become a mockery of its true meaning.

"Many businesses and Federal, State and local agencies support this flagrant misuse of Memorial Day by giving their employees, under the guise of a national holiday, a 3-day vacation that includes the Monday preceding May 30th, when this day does not fall on the Monday.

"It is a hardly fitting memory to those who have given their lives in defense of their country to have the day originally set aside in their honor changed to facilitate the capriciousness of big business.

"Veterans organization have been trying for some years to have Memorial Day celebrated on the day it was intended, namely, May 30th, but up until now without success, and apparently the lobbying power of big business can sway the government to a greater extent than the veterans.

"It will take the overall effort of all veterans, not just the veterans organizations that are doing the fighting for them, to write their Congressmen to have Memorial Day observed on the appointed day of May 30th in order that we can truly say that Memorial Day is a day set aside by common consent to pause and become conscious of our everyday life and to rejoice in the wonderful country in which we live, and to recall what our country means to us.

"This we do in the light of the times in which we live. We must all play our part in harmonizing the fundamental conflicts which torture and confront the world today.

"Memorial Day celebrates and solemnly reaffirms from year to year our national enthusiasm and faith in the American way of life.

"It embodies in a most impressive form our belief that to act with enthusiasm, courage and faith is the condition of acting greatly and adequately to meet the needs of the times.

"On this Memorial Day let us pledge ourselves anew to patriotic service. Let us make ourselves friend and brother, son and father, of those who will not see their town again in mortal flesh.

"Let us grasp with fearless hands the flag so nobly borne before, and like those others, plant it always on the battlements of righteousness.

"We of the American Legion and all veteran organizations have tried to pay the debt that those who have fought and paid with their lives and those who have fought and paid with their limbs, have bequeathed to us.

"In the legislative halls we have fought to enable our sick, our wounded, our maimed, to find their way to restored health, or at least to spend the rest of their time with us in comfort.

"In years past, we have focused our eyes on our soldiers and sailors homes, on our Veterans Administration Hospitals, and in our hearts there has been a special love for those of our comrades have considered it a challenge and a privilege to share our time, our talents, and sometimes begrudgingly, our money with our sick and disabled friends.

"That program of love and compassion must continue. Every veteran of war is a living memorial, a witness to the sacrificial devotion to duty and love of country that has kept America free.

"Our remembrance of the valor of our dead and our disabled must not be just lip service or the speaking of platitudes.

"Wreaths of flowers, memorial speeches, patriotic songs can at times be hollow, empty rituals which only mock the bravery of those who served the country best.

"We of the American Legion do not fake our emotions. The sincerity of our comrades cannot be questioned.

"We have proved, and will continue to prove, ourselves in action. We share in a great glory.

"Let us renew our resolution that this nation owes an eternal debt to all soldiers, sailors, marines and airmen as defenders of its shores, and the debt can only be paid by fulfilling the ideals for which they fought - a union of happy, self-governing people, strong and undaunted, in the eyes of the world.

Bergeron Marine promises 'many new jobs' in 1980

Bergeron Marine, Inc. recently completed its first year of production at the company's 40-acre marine facility in the sprawling Port Bienville Industrial Park in Hancock County.

A wholly owned subsidiary of Bergeron Industries, Inc., a leading builder of barges, Bergeron Marine specializes in the construction of steel barges from pre-fabricated parts.

To date, 37 barges, mainly of the deck type, measuring from 110 feet by 30 feet 7 feet to 120 feet by 52 feet by 7 feet, have been built at the Port Bienville Marine Facility.

Included in this number were four barges, 120 feet by 30 feet by 7 feet, for the Autoridad Portuaria de Guayaquil (Port Authority of Guayaquil) Guayaquil, Ecuador.

The barges were purchased by the Port Authority to alleviate port congestion while the Port of Guayaquil undergoes an \$80 million expansion program.

Major capital improvements, representing a significant investment by Bergeron Marine, have been made at the Port Bienville site. Additional investment in new equipment and expansion is now moving from the planning stages to procurement and construction.

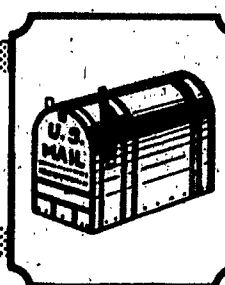

The company has a substantial new construction contractual backlog extending well into 1980.

This backlog, coupled with the acquisition of a major repair contract involving a substantial number of vessels will create many additional jobs at the Port Bienville Yard.

The repair contract along with other repair work will complement the Yard's established new construction

Beach-front resident cites need for Boulevard speed reduction

May 25, 1979

Editor
Sea Coast Echo
Bay St. Louis, Miss.

Dear Sir:

Your editorial in yesterday's paper about the danger on Beach Boulevard was most timely in connection with the tragedy last Saturday, May 19, in front of our home.

Reducing the speed limit will help the careful, law abiding drivers, but there are so many, as we can see everyday, who pay no attention to the present 35 mph limit.

I believe there should be traffic lights

or 3-way stop signs to really slow down the traffic on Beach Boulevard.

Beach-side parking bays will make it safer for those who live some distance away and drive to the beach, but they will not help those who live, or are visiting near the beach.

The boy who was killed was visiting his aunt and uncle whose vacation home on Waveland Avenue is about 400 feet from the beach.

Let us all do what we can to make our beautiful beaches safer for all, especially the children.

Sincerely,
Phil Rawlins

Supervisor anticipates new centralized jail

By LESLIE WILLIAMS

Beat Two Supervisor Alton Keller believes funds are available to construct a new jail in Hancock County.

"If the municipal governments of Bay St. Louis and Waveland and the supervisors each pass a resolution requesting the Criminal Justice Division to allocate funds for a new jail in Hancock County, then I believe the division will give us money for the construction," said Board President Keller.

Keller's announcement came during a Board of Supervisors meeting last week.

Hancock County Sheriff Sylvan Ladner has complained numerous times the present county jail is "inadequate."

"The jail would be a county-city jail which would consolidate services under one roof," Board attorney Walter Gex added.

Robert Boudin, County Civil Defense director, told supervisors he would also like to see a place where many county services could be centralized, including Civil Defense operations.

Both Bay St. Louis Mayor Larry Bennett and Waveland Mayor John Longo Jr. said they favor a new city-county jail.

"Yes, I'm in favor of it," Longo said in an interview later, "the Waveland Board may pass a resolution to that effect at our next meeting June 5."

Also questioned on the new jail

proposal, Mayor Bennett exclaimed, "I'm for a new jail 1000 percent."

He said he plans to ask for a joint meeting between the supervisors and the Bay St. Louis Council to discuss the matter.

Also last week, County Parks Commissioner Mary Callier announced appointment of Herbert Ayers as security and admissions officer at McLeod Park was announced.

Hancock North Central High School students were praised by Ms. Callier for "being well behaved" during their recent class visit to the park.

In other Board action last week, supervisors:

—Approved plans and specifications for construction of a fire station at Diamondhead. The plans were presented by Talbert Steel, representing the Diamondhead Fire Commission.

—Authorized Donn Murray, county engineer, to represent Hancock County on the advisory committee to Governor Cliff Finch's Recovery and Planning Committee which is designed to provide funds for disaster relief in Mississippi.

—Approved a resolution requesting L&N Railroad to construct an emergency railroad crossing in the rear of Buccaneer State Park in Waveland.

—Took under advisement bids for a metal building for the Clermont Harbor Volunteer Fire Department.

Good Samaritan sought after return of purse

By RICH ADAMS

A Bay St. Louis woman is searching for an unidentified good samaritan who found her purse in a shopping center parking lot last week and turned it over to authorities.

Mrs. Rene Bermond Jr., 413 Balentine Street, said she left her purse in a shopping cart May 22 after buying groceries at the A&P Food Store in Bay St. Louis.

She said when she arrived at home and realized the purse was gone, she "threw the car in reverse and took off, me and the Lord, praying all the way."

"There were credentials in the purse which would be very hard to replace," Mrs. Bermond said.

"Along with the usual identifications and social security card information, there were cards which will allow me to immediately hospitalize my 88-year-old mother and my disabled husband," she continued.

"Also, I am a cholesterol patient and my purse contained all my cholesterol intake records," she added.

"There was only \$11 in the purse. As

a rule, I don't keep track of how much cash I carry in my purse, but I went to pay my bill with cash and only had \$11, not enough to pay in cash, so I paid with a check," she said.

Mrs. Bermond recounted arriving at the shopping center only to find an empty shopping cart.

"When I got back, my purse was gone. A lady coming out of the drug store observed me looking around in a state in dismay with tears in my eyes," Mrs. Bermond said.

"The lady asked if I had lost my purse, and when I said yes, she said she had found it and turned it in to the manager at A&P," she continued.

"I was so happy I threw my arms around her, hugging her and blessing her," Mrs. Bermond added.

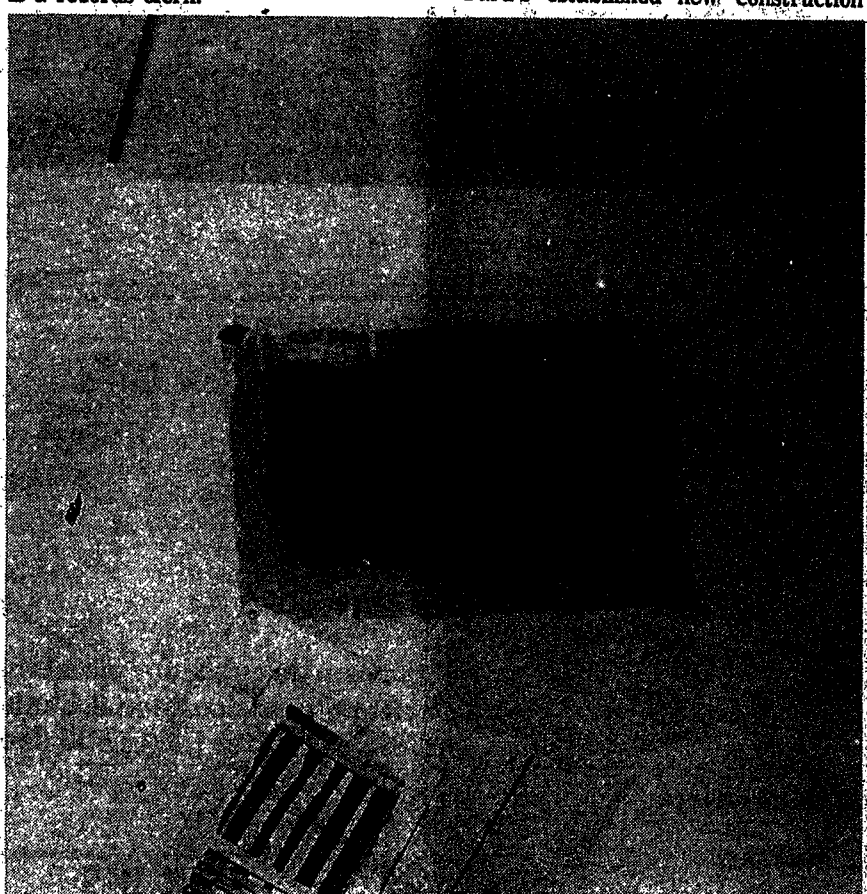

"That goes to show there are still good, honest people around. You always hear about bad news, but never about the good things that happen," she said.

Mrs. Bermond said she rushed into the store to claim her purse, and when she returned to her car, the lady who

found the purse was gone.

"I never thought to ask her name. I was too happy to have the purse," Mrs. Bermond said.

Mrs. Bermond said she wants to send the good samaritan a potted plant, and asks her to contact Mrs. Bermond at the Hancock County Courthouse in the Circuit Court Clerk's office, where she is a records clerk.

ESCAPE ROUTE—This small air conditioning vent cover in a juvenile holding cell at the Hancock County Jail was pried loose and used as a method of escape Sunday by a 14-year-old prisoner. The youth, charged with car theft and forgery, fled the jail and was captured an hour later after leaping from the Bay St. Louis public pier and clinging to a piling below. (Staff photo-Rich Adams)

Please let me take this opportunity to thank you for electing me to serve as your supervisor from 1972-1975. I did not seek re-election because of other interest at the time. I now feel I am in a position to resume the duties as your FULL TIME supervisor.

Prior to being elected in 1972, I worked for the county for sixteen years as a county-wide heavy equipment operator under fifteen various supervisors in each of the five districts. While serving as your Supervisor, I worked constructively with city and county officials in a continuing effort to make our county a better place to live. When elected again, I will continue this same policy to insure the growth and progress of the entire county.

Being a member of a family that has been one of the bigger tax payers of the county for many years, I have a better understanding of taxes. Remember, we the taxpayers pay for the equipment and expenses that operate our county. I will work to attract more industry to our county and will put forth untiring effort for more road improvement and maintenance.

Group calls Bay gas price structure unfair, outdated

By LESLIE WILLIAMS

The Bay St. Louis city utility rate structure is "unfair," insists a spokesperson for Concerned Citizens. Gerry Lang, treasurer for the some 25-member group, recently urged the City Council to revise the rate structure used to determine the price a Bay consumer pays for gas.

Gerry Lang

Athalia Piernas, coordinator of the Hancock County Community Action Agency, agrees with Lang.

CAA has a program which provides utility assistance to consumers within Bay St. Louis.

Piernas calls the rate structure "outdated." She says the rate structure was created in 1974 when gas was plentiful.

"The Bay St. Louis rate structure penalizes you for conserving energy," Piernas charges.

"According to a study done by John Wyatt of Hattiesburg, regional CAA official and energy specialist, who was

given a special grant to study utility bills, Bay St. Louis' utility rates overall were not excessive when compared to neighboring counties, but the cost of the first 1,000 cubic feet of gas is excessive," Piernas stated.

Piernas says an average Bay consumer uses about 5,000 to 10,000 cubic feet of gas per month.

"Wilmut Gas which provides gas to Forrest County charges \$4.542 for the first 1,000 cubic feet of gas; from 1,000 to 5,000 cubic feet \$3.132 is charged; from 5,000 to 9,000 \$2.692 is charged and from 9,000 to 15,000 \$2.342 is charged per 1,000 cubic feet of gas," Piernas elaborated.

"The Bay St. Louis utility company charges \$6.93 for the first 1,000 cubic feet of gas," and Bay St. Louis Utilities is responsible for this rate structure says Piernas.

According to the representative of the Action Agency, Bay St. Louis' rate structure continues as follows: 1,100 cubic feet-\$7.46; 1,200-\$7.98; 1,300-\$8.51; 1,400-\$9.03; 1,500-\$9.56; 1,600-\$10.07; 1,700-\$10.61; 1,800-\$11.12.

"This rate structure penalizes the consumer who saves energy," she reiterates.

Piernas notes that both Wilmut Gas and Bay St. Louis Utilities have the same supplier, United Gas.

An excerpt in a letter from concerned citizens to the Bay St. Louis Council states:

"On the average, the Bay St. Louis utility commission's rates do not appear to be excessive.

"However, the question of 'excessive' was addressed in a comparison with other utility rates and not in comparison with the city's costs to provide this service.

"Furthermore, the rate Bay St. Louis charges for essential gas is clearly excessive.

"At the 1,000 cubic feet rate, Bay St. Louis charges 53 percent and 48 percent

more than Wilmut Gas and Enter Gas, respectively.

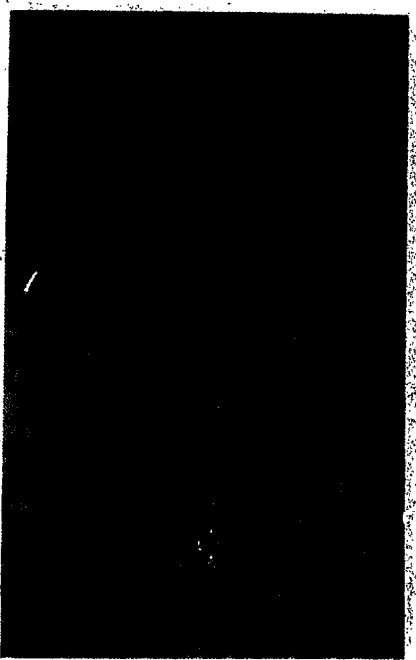

"And finally, for the purpose of comparison, the rate used for Wilmut Gas is the county residential rate, which is higher and presents a more conservative picture.

"Using the rate for Wilmut Gas the cost difference increases to 94 percent for 1,000 cf, and 32 percent for 50,000 cf," the letter concludes.

Both Ms. Piernas and Concerned Citizens also recommend that Bay St. Louis residents on fixed-incomes be placed on a price averaging system for paying gas bills.

Price averaging would allow those on fixed incomes to pay a fixed amount per month, based on their usage the previous year.

Piernas suggests the council hire an "expert" to evaluate its utility system.

Hurricanes.....

CONTINUED FROM PAGE 1A

mer means be on guard for hurricanes. The period from June 1 to Nov. 30 each year is generally regarded as hurricane season, although such storms occasionally hit in other months.

The National Weather Service says it would be unwise to become complacent about the dangers associated with hurricanes.

While warning services usually allow sufficient time to prepare for a hurricane, there is no system for predicting when one is about to be formed.

Names like Betsy, Audrey and Hilda, hurricanes which did devastating damage and claimed the lives of dozens of people in 1965, 1967, and 1964, respectively, should be enough to shake the complacency out of those who experienced the storms.

Audrey left more than 350 dead in the Cameron-Lake Charles area. Betsy, while claiming a smaller number of lives, 75, was the worst hurricane to strike next door in Louisiana in terms of total damage and is probably the best-remembered hurricane in New Orleans because it packed winds of 150 mph and left in its wake damages of more than \$700-million.

Many residents were flooded from their homes in that nearby city's lower Ninth Ward.

Few hurricanes are as powerful as Betsy or Camille, in which 210-mile-per-hour winds lashed the Mississippi Gulf Coast, but all have their beginnings in the Caribbean Sea, the Gulf of Mexico or the tropical Atlantic Ocean.

Most tropical storms form in existing disturbances called easterly waves. If the storm, which spirals inward in a counterclockwise direction toward an eye, begins to intensify and eventually reaches sustained wind speeds of at least 74 mph, it is officially designated a hurricane.

Winds of more than 100 mph are fairly common in mature hurricanes. It is rare when a storm reaches sustained winds of anywhere near 200 mph.

While the winds can and do cause major damage, particularly to those who are inadequately protected, probably the most dangerous elements of a hurricane are the accompanying high tides and rough seas as the storm moves across a coastal area. Flooding is common in low-lying areas.

Too often, persons living in a spot where the eye of the hurricane is moving inland make the mistake of thinking the sudden calm brought about the relatively calm eye means the hurricane is over.

But as the eye moves on, the turbulent winds and rain return, sometimes catching persons away from shelter as they attempt to inspect damage done by the initial phase of the hurricane.

Once a hurricane has been formed and is heading toward land, the terms "hurricane watch" and "hurricane warning" are key words to listen for in

local newscasts.

A "watch" means notification has been issued by the National Weather Service that a hurricane is threatening to strike within 24 hours.

"Hurricane warning" means one is expected to strike a specific coastal area within 24 hours and all precautions should be taken.

When a warning is issued, residents of low-lying areas should evacuate immediately. Information will be given on where to go.

Early evacuation is important because, generally, heavy rainfall accompanies a hurricane and roads to safety may become flooded long before hurricane winds hit the area.

If you live away from low-lying areas and are not advised to leave, American Red Cross and civil defense officials suggest the following emergency preparations:

On the outside of your house, check for loose objects that could be blown against it. Also, put away items such as bicycles, lawn chairs and

gardening tools.

Board up, tape or put storm shutters on house windows and glass doors. The tape may prevent glass from shattering and flying.

Fill your car's gas tank and make sure it is ready to go in case you must use it to evacuate later.

Any boats should be securely moored.

If you live in a mobile home, seek shelter somewhere else.

Inside your home, fill large containers with water in case there is service interruption during the storm.

Have an adequate supply of food and emergency equipment on hand. Battery-powered radios, hand can openers, flashlights, candles, matches, dry ice and emergency cooking equipment also should be available.

Turn the temperature setting on your refrigerator and freezer to its highest setting so food inside will be safe for hours if all electricity should go off. Blankets also should be wrapped about the refrigerator for insulation.

Fishermen slate meeting to organize cadet marina

By LESLIE WILLIAMS

Gulf Fishermen Inc. will meet to discuss organizational plans for the Bayou Cadet Marina at 7 p.m. tomorrow in the Hancock County Court House Board Room.

Gulf Fishermen Inc. was hired as Bayou Cadet Marina operator last week by the Hancock County Board of Supervisors.

The fishermen's organization had bid \$150 per month for use of the facility.

Ms. Joyce Garcia, the organization's secretary who submitted the only other bid to operate the facility, offered \$100 per month in addition to a \$22,000 proposed capital investment.

Selection of a marina operator was delayed at the last Board of Supervisors meeting when Beat Five Supervisor James Travica questioned legality of the Gulf Fishermen's bid.

Board attorney Walter Gex, at the Board meeting last week, said, "I spoke to P. L. Douglas of the State Attorney General's office and he told me verbally the bid by the fishermen could be accepted by the supervisors."

Gex added, "If someone objects to the supervisors approving Gulf Fishermen as the Bayou Cadet marina operator—this is what they have courthouses for."

A member of the fishermen's organization had previously stated the organization was not legally chartered and questioned whether the fishermen's organization could legally submit a bid.

Tommy Holzhauser and his wife Cathy, who were present at last week's meeting, thanked the Board for its action.

Tommy Holzhauser joked, "We may have just bought a dog that's going to bite us on the leg when we go to feed him."

The marina operator contract provides that Gulf Fishermen, Inc. will:

Operate in compliance with the rules and regulations of the U.S. Coast Guard and according to the rules and regulations established by the Port and Harbor Commission

"Maintain normal operating hours...to provide services required by commercial fishing fleet and sport

fishermen.

"Provide both regular gasoline and diesel fuel at all times."

"Provide waste disposal containers at several locations within dock, will keep the dock area clean, and dispose of all waste materials in disposal areas designated by the County Board of Supervisors.

"Be responsible for all utility bills. Provide a minimum concession; potable water, soft drinks and package food.

"Provide a public telephone on a 24-hour per day basis.

"Be responsible for collecting all fees, rentals, leases, levies, and other taxes which are due to Hancock County, or State of Mississippi.

"Provide evidence of liability of coverage of \$50,000 and \$100,000 for personal and comprehensive liability insurance prior to occupancy of facility."

In addition, the contract states: "The marina will be operated on a non-discriminatory basis.

"Ice facilities for sport and commercial fishermen shall be provided which shall include a ice holding and handling facility.

"An unloading facility for commercial fishermen which would include wash tank, conveyor and jib boom shall be provided.

"Bait for fishermen shall be provided, live and when available."

"A source of potable water and electric service shall be made available.

"Table and benches adjacent to the concession stand will be provided.

"Gulf Fishermen Inc. shall not operate both unloading stations and both stations can not be leased to the same individual, partnership, corporation or any combination of these parties.

"If business justifies, Gulf Fishermen Inc., at its discretion, may provide the services of fishing tackle and skiff rental; expand concession facility to include a supply of necessary hardware items for sport fishermen and commercial fishermen; and an electric hoist to facilitate the launching of larger sport boats."

School Records...

CONTINUED FROM PAGE 1A

"If a new citizen came into town and wanted to review the minutes to see how the school was spending money, she would not have to cite a reason to see the books," she added.

McCullough said Wednesday he has never refused anyone access to the minutes, adding he does not have the authority to approve expenditure of school money to make the copies.

"I told them I am just an employee of the school district and I must put the question before the board," the superintendent said.

"I have nothing to hide. The board will have to give me the authority to allow copies to be made," he continued.

"I told them I will check with the attorney and the school board will have to pass a resolution giving me that authority," he added.

"I am just an employee of the board," he emphasized.

School Board Attorney Lucien Gex explained the trio's request for duplicate records will have to be decided by the school board at the next meeting, slated for June 11.

"Mr. McCullough will have to let the board make a decision," Gex said Wednesday.

"The issue that the minutes are public record is not the question. The question is the amount of money involved in running the copy machines and the people who will have to operate them," he continued.

"The books are available to the public during regular office hours. The board will have to decide if copies may be made," he emphasized.

Board President Virginia Gex was out of town and could not be reached for comment.

Fewer persons unemployed during April

By LESLIE WILLIAMS

April unemployment, decreased in Hancock County and in the state compared to March's jobless rate.

April unemployment dropped nine-tenths percent within the county civilian labor force compared to March, according to statistics compiled by the State Employment Security Commission.

Some 5.9 percent of the civilian labor force was unemployed in March a nine-tenths hike in contrast to April's unemployment figure of five percent.

April employment in county manufacturing and nonmanufacturing jobs rose over March's figures.

There was a total of 880 manufacturing jobs in March compared to April's 880 total.

Jobs in nonmanufacturing climbed from March's total of 5720 to a total of 5770 in April, including increases in construction and service, miscellaneous categories.

Unemployment within the State dropped too, 5.5 percent in April.

This is a decrease of seven-tenths percent compared to March's 6.2 percent jobless rate, reports Edgar C. Lloyd Jr., the employment commission's executive director.

The 5.5 percent for the state was the same as the national rate for April.

Buccaneer Crew Notes

By KIM DEDEAUX
Buccaneer State Park was the setting for many campers who wanted to get away from their busy everyday life and relax on this Memorial Holiday. The park's 104 sites filled on Thursday with campers from near and far.

The recreation activities at the park began on Friday as the Pre-school and elementary age children gathered together for a fun filled story hour.

Later that night the recreation hall was used as the setting for the movie "John Bahn Baker's Last Race."

On Saturday, our first annual Memorial Day Tennis Tournament began. Tom Amato, winner of the tournament, and nine other participants gathered with

the recreation director to draw the tournament brackets for the 2-day tournament.

Gary Joiner, 14-years old of Gulfport proved to be the master bikeman of Buccaneer, as he out biked everybody in our bike rodeo. Gary and his father, Tommy Joiner teamed up later and became the Football champions.

Tom Amato, of Waveland, showed skill as won the Ping Pong Tournament.

Saturday night a large number of campers gathered on the beach for a bonfire. The bonfire proved to be very relaxing as well as entertaining. Other activities included Kid's Crafts, Water Boggan and Circle Frisby.

On Sunday, Reverend Barber from First Baptist Church in Bay St. Louis joined campers for an hour of wor-

ship.

Sunday's activities included Sand Sculpting, Kickball, Mural Painting, Volleyball, and grocery Bingo.

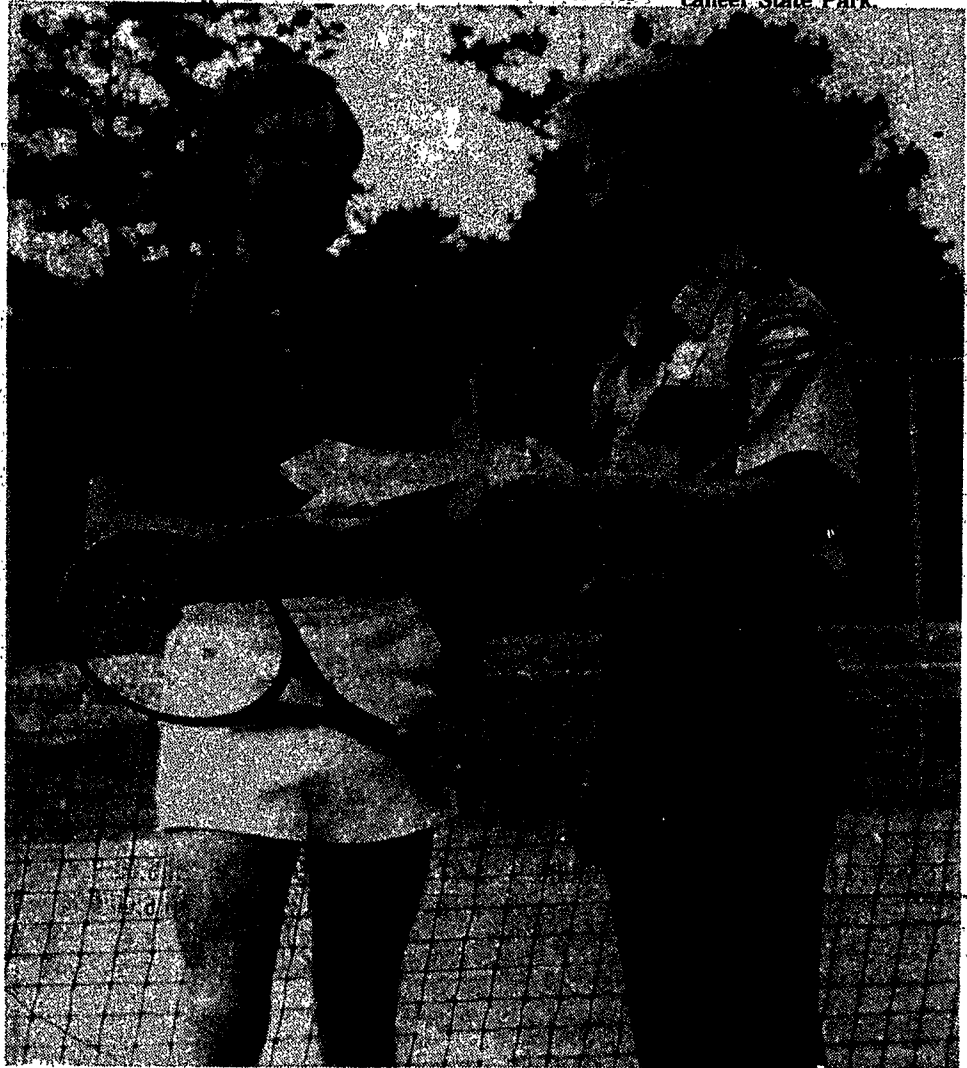

Twelve year old Trey Herbert of Marrero, La., won the teen ping pong tournament to end the day.

On Memorial Day many locals enjoyed picnicking as well as the campers. The Memorial day activities began with a scavenger hunt won by John Phelan of Harvey, La.

Debbie Oliver of Metairie, La., won the pin ball tournament.

We ended the busy Memorial Day with games of the world. Many campers joined in.

This ended another busy and exciting weekend at Buccaneer State Park.

Tom Amato receives Buccaneer tennis trophy from Assistant Park Supervisor Drew Byrne

GULF NATIONAL 14- EDMOND FAHEY 2
Lawrence Favre was winning pitcher in this contest. Greg Crowder had two hits in three trips to the plate for Gulf National. Monty Strong, Pernell Galloway, and Shay Dahl, each recorded one hit for Edmond-Fahey.

Bay-Waveland Junior Fishing Rodeo slated Saturday

The fifth annual Junior Fishing Rodeo will be conducted Saturday at the American Legion Pier in Bay St. Louis with fishing beginning Friday at 4 p.m.

The event, sponsored by the Bay-Waveland Rod and Gun Club, is open to children 6-15 years of age with a special 'blue crab' division for children ages 4 and 5.

Registration forms for the contest may be obtained Saturday between 8 a.m. and noon at rodeo headquarters on the American Legion Pier.

Rules for the event are: —All fishing must take place in and around the Bay St. Louis area;

—Fishing may begin

Friday, June 1;

—Scales will open at 8 a.m. Saturday and close at 4 p.m. the same day;

—All fish must be caught on hook and line, with the exception of flounder, which

may be gilled.

Fish eligible for judging in the salt water division are speckled trout, redfish, croaker, flounder, ground mullet, white trout, sheephead and drum.

In the fresh water division, eligible fish are green trout, blue gill, and shell cracker.

First, second, and third place prizes will be awarded for each eligible fish.

First through tenth place will be awarded in the special blue crab division, ages 4 and 5. Parental accompaniment is required in this division.

There will also be a special prize awarded for the largest fish by weight of any type caught during the event.

Prizes will be given to the king and queen fisherman, which is determined by a point-per-size system.

A prize will be awarded all fishermen who enter in the rodeo.

BOATING TOPICS
by Bob Brewster
MERCRUISER OUTDOOR CONSULTANT

BOTTOM FOULING IN FRESH WATER

The problem usually shows up late in the summer when boat owners in freshwater areas realize the bottoms of their craft are coated with thick scum.

But now is the time of year to consider the matter.

A little knowledge now can put an end to the bottom fouling problem.

According to the MerCruiser stern drive boating authorities, it's important to know that freshwater fouling conditions vary widely.

It depends on the individual location's chemical and biological circumstances.

A deep, cold lake with sand or gravel bed often does a poor job of supporting algae, so boat bottom fouling there may be an insignificant matter.

But a shallow, warm, weedy, nutrient-filled pond or cove might be to freshwater algae what a hothouse is to flowering plants.

The way a boat is used also affects its tendency to foul. One which is used daily gets its bottom sluiced of the early stages of algal growth more often than a boat which is used at infrequent intervals.

And the scrubbing action is more vigorous on the bottom of a fast boat than on a slow one.

Most of the marine paint manufacturers offer freshwater anti-fouling bottom paints.

These are formulated especially to work well with the biological and chemical conditions characteristic of freshwater.

To decide whether or not to apply freshwater anti-fouling paint prior to launching, talk to people who own boats similar to yours in the particular body of water you have in mind.

Street in Bay St. Louis won the 12-year-old division with a score of: pitching-100; hitting-194; running-8; total-374.

Ronnie Artigues of 614 Highland Drive in Bay St. Louis was runner-up in that area, scoring as follows: pitching-50; hitting-138; running-8; total-268.

The events were designed in cooperation with the Presidents Council on Physical Fitness.

Bass symposium slated

in Jackson June 8

The last time bass fishermen tried to get together and talk about their fishing problems, the rampaging flood waters of the Pearl River interfered.

Now, the statewide bass symposium originally set for mid-April, has been rescheduled for Friday evening, June 8, at 7:30 p.m. in the auditorium of the Woolfolk State Office Building on North West Street across from the capitol.

Fisheries scientists from across the state will discuss all aspects of bass fishing. The structure of the new Department of Wildlife Conservation will be explained. Films and slides will be shown and a question and answer session will follow.

The meeting is sponsored by the Mississippi Game and Fish Commission, the Miss. Federation of Bass Clubs and the Miss. Association of Bass Clubs.

USM expands summer offerings on Long Beach, Biloxi campuses

A record number of classes are being offered by the University of Southern Mississippi-Gulf Coast for the coming summer term.

The more than 170 individual classes will be in over 40 different subject areas, according to Dr. Joe Holloway, USM Gulf Coast

dean. Registration for the summer term will be June 4 and 5.

June 4 registration will be held from 9 a.m. to 1 p.m. at USM-Keesler in the Sablich Center and from 4-7 at USM-Jackson County in the

Cafeteria of Jackson County Junior College.

The June 5 registration will be from 1-7 p.m. at USM-Gulf Park in Long Beach in Lloyd Hall.

Students may register at any of the USM registrations on the Coast for classes taught on either campus.

The summer term for USM on the Coast will include several new subject areas as well as unique scheduling to meet specific needs of some students.

In the area of business, a new course in real estate is being offered. The course deals with real estate investment analysis and will be offered in the afternoons. These courses, beginning at 4:30 p.m., are: Fundamentals of Management at Gulf Park on Wed., Principals of Retailing at Gulf Park on Tue., and Principals of Marketing at Keesler on Thurs.

In order to accommodate individuals who wish to take a class during the noon hour, a class in Managerial Communications will be available from 12-12:50, Monday thru Thurs. at USM Keesler.

A number of new courses in other areas include a medical entomology class at Gulf Park and a seminar in communications theory class and a Foundations in Math class at Jackson County.

The interest in social work programs has prompted the addition of two programs in this area. Basic Communications Skills and Human Behavior in the Social Environment will be first time

offerings on the USM-Gulf Coast schedule this summer.

Another new USM offering on the Coast is a course titled Sociology of Women. The professor will be Dr. Thomas Panko. Classes will meet on Tuesday evenings at Gulf Park.

Education programs for the summer will add three classes in the afternoons at USM-Jackson County. These include: Language Arts in Elementary Education, Art for Elementary Teachers and Test and Measurements.

Beginning times for these classes is 4:30 p.m.

A new program scheduled for Gulf Park will deal with methods and materials for teaching the gifted.

Five new classes in library science will mark a significant increase in the offerings in that area.

"We are adding these classes in order to meet the needs of public and municipal libraries in the area," Dr. Theron Manly, director of the

MISSISSIPPI CONSUMER REPORT

A Service of the Consumer Protection Division
Of The Office Of
A. F. Summer, Attorney General

After careful study of the Hinds County Chancery Court's Decision in suit brought by the Complainants, J.C. Redd, Claude Ramsey, et al vs. The State Tax Commission, I have come to the conclusion, that absent legislative action, the Decision should be appealed, and, in fact, must be appealed for the following reasons:

1. The Constitution does not require nor permit property to be assessed and taxed at 100 percent of its present value. The Constitution requires that property shall be taxes in proportion to its value.

Further, no Supreme Court decision from Mississippi has ever been produced that says property must be assessed for taxation at 100 percent of its value. The Supreme Court has recognized proportional assessments.

2. All homestead property is required to be reappraised to 100 percent of its present market or sale value and be assessed for taxation at 100 percent of such value, causing homestead taxes to increase at least 70 percent to 80 percent from what it is now.

3. Homestead exemption, for all practical purposes, will be abolished.

4. All other property is required to be reappraised at market or 100 percent of its value, then assessed and taxed at 100 percent of its value, causing most property taxes to be greatly increased.

5. Unless this expensive reappraisal and reassessment for taxation has not been done and in place by 1983 - no county can collect any taxes to run its government.

6. This decision does not recognize that property can be assessed by class, such as homestead, commercial, industrial, farmland, timberland, etc. The Supreme Court of Mississippi has recognized property classification for taxes. All classes of property must be appraised and assessed at 100 percent of its market value.

7. The decision provides for the three member tax commission, all appointed by the Governor, to override and supercede all decisions of local officials, elected every four years by the counties, in ad valorem tax matters.

8. The decision requires that practically every act taken by the State Tax Commission to carry out its orders be filed with the Court and has given Complainants, J.C. Redd, Claude Ramsey, et al, and their lawyers 15 days after filing to object to the Commission's acts. This, in effect, puts the Complainants and their attorneys virtual management and control over the State Tax Commission. At the very least, it gives them the power to object, delay, or through the Court override the Commission's actions.

No other Mississippian will have such power. Further, the decision gives the Complainants and their attorneys virtual management, and control over the State Tax Commission. At the very least, it gives them the power to object, delay or through the Court override the Commission's actions.

No other Mississippian will have such power. Further, the decision gives the Complainants and their attorneys virtual management, and control over the State Tax Commission. At the very least, it gives them the power to object, delay or through the Court override the Commission's actions.

To my knowledge, this is an historical first, and should be reversed now by the Supreme Court of Mississippi, before other such lawsuits are begun.

10. The decision classified this suit as a class action. The Mississippi Supreme Court has never recognized a

class action lawsuit, which is also another reason no attorney fees should be authorized.

11. The Court stated many times it was not going to legislate or exceed its jurisdiction. The decision leads me to the conclusion that it did, in fact, legislate and exceed its jurisdiction.

Having great respect for the Court's ability, integrity and knowledge, I do not believe the Court felt it violated its expressed intention, but I am led to the inevitable conclusion that such has occurred by citing the following examples:

a. Decreeing property to be assessed at 100 percent.

b. By giving the Tax Commission authority to withhold approval to collect taxes of the county unless local elected officials comply with the Tax Commission's orders as decreed by the Court.

c. Granting the Complainants and their lawyers the right to monitor and object, without filing the proper petitions, and issuing process to Defendants, to the plans and actions taken by the Commission under the Court's decree for one day, much less 10 years.

d. Awarding attorneys fees without the authority to do so.

e. Usurping the duties of the County Tax Assessor and Boards of Supervisors by ordering the State Tax Commission to begin im-

mediately to ascertain the true value of property in this State.

One thing I would like to emphasize and that is that no ad valorem taxes collected in one county go to the support of another county.

This is vastly misunderstood. Every county keeps and spends within its borders every cent of county ad valorem taxes.

They run their county government with this money, regardless of how much or how little they collect.

The Court may turn out to be right and I may be wrong, but either way, the stakes are too high not to let the Mississippi Supreme Court have the final say.

The legislature took up this issue each year for several years and refused to change the law even though they were aware this lawsuit would be filed.

The legislature refused to change the law after the Court's Opinion in this case had been issued and was in their hands.

The legislature is losing some of the greatest proponents of this type legislation, so I have no reason to believe that they will ever take any action to change what I believe, standing alone, is devastating and will cause a tax disaster, so, the only recourse is the Mississippi Supreme Court.

Those who think I am wrong, I simply ask to read Section 112 of the Constitution, read the decree and see if they are willing to live with it without legislative changes.

Keesler civilians design statue

Two Keesler civilian employees will share the \$1,000 prize given by the Gulf Coast chapter of the Air Force enlisted technicians.

Bill Harris of Ocean Springs and Audrey McGlothlin of Biloxi were announced as co-winners of the conceptual design contest at the Air Force Association chapter's annual membership banquet.

Their design calls for a 12-foot-high statue topped by a flight symbol with a seven-foot wingspan. The memorial will be constructed near the flagpole across from the Keesler Technical Training Center headquarters building. The base of the memorial

will have three columns which the designers say "show that skill, strength, and knowledge are the three most outstanding qualities of a technician."

They said in their letter to the AFA that "the columns show support. The wings signify Keesler and the Air Force and our country. Therefore, this monument shows our technicians supporting one and/or all three."

Don Wylie, president of the local AFA chapter, said the organization would contract for the construction of the statue "to honor and memorialize Air Force enlisted technicians."

BROTHERS GRADUATE - Michael Carl Fricke, above, recently received a bachelor of science degree from Tulane University school of engineering. His brother, Stephen W. Fricke, received a certificate of proficiency in

carpentry from Pearl River College. Mike was an honor graduate of Bay High prior to attending Tulane. Stephen graduate from PRJC with honors. They are sons of Mr. and Mrs. Marvin Fricke of Pearl River.

Moran named Pass High Star student

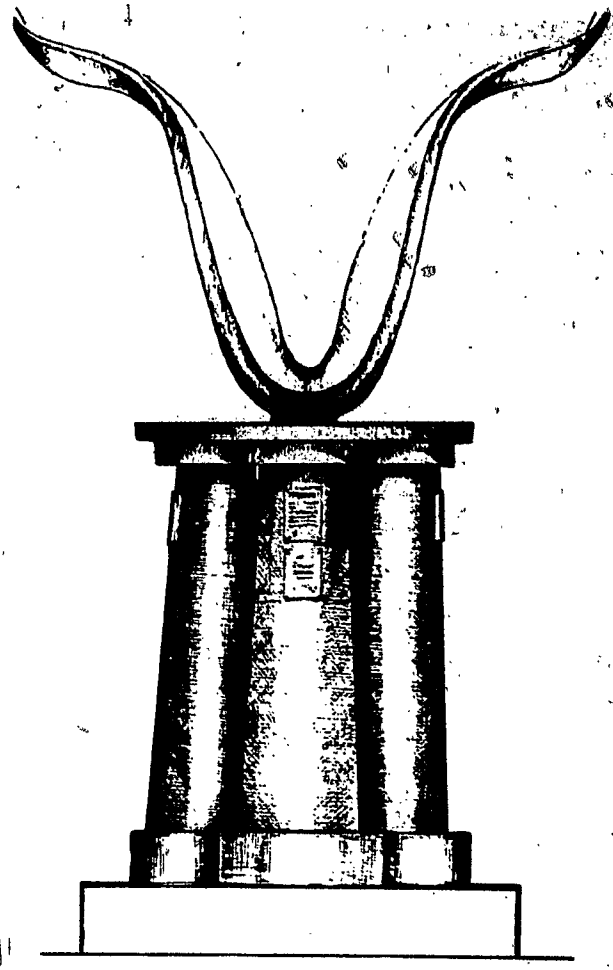

TRACY MORAN - The Mississippi Economic Council has announced that Tracy Ellen Terrell Moran, 18, daughter of Mr. and Mrs. Gary Terrell and a senior at

Pass Christian High School, has been selected as the school's Star Student.

Star Students are selected on the basis of academic excellence. Scholastic averages and scores on the American Council Test are considered in designation of a school's Star student.

Each Star Student is asked to designate a Star Teacher, a teacher who has made the greatest contribution to the student's scholastic achievement. Designated as Star Teacher was Miss Linda Lightsey.

Both the Star Student and the Star Teacher will receive certificates from the Council, in addition to being eligible for competition for scholarship awards.

FELLOWSHIP IN BUSINESS - A prestigious national fellowship for the Consortium for Graduate Study in Management has been awarded to Ole Miss senior Doyal Siddle of Union County. He will enter the Graduate School of Management at the University of Wisconsin this fall.

Hydrographer of the Royal Navy, Rear Admiral David William Haslam, OBE, headed a United Kingdom naval delegation at the 19th UK-US Ocean Survey Coordination Conference held at the Naval Oceanographic Office, May 21-23.

These conferences are held to further the collaborative survey efforts of the two countries, the Navy reported. This cooperation between the Navies of the two countries is also evidenced by an officer exchange program between the Royal Navy Hydrographic Department and the U.S. Naval Oceanographic Office which is headquartered at NSTL in Hancock County.

The importance of the exchange programs was symbolized on May 21 at the end of the first session of the conference by the unveiling of a plaque in the Naval Oceanographic Office headquarters building. The plaque, inscribed with the names of Royal Navy hydrographic officers who have served with the U.S. Navy, was unveiled in ceremonies hosted by Captain

Long Beach slates Summercarnivalfest

The Carnival Association of Long Beach has announced plans for its Second Annual Summercarnivalfest to be conducted June 8, 9, and 10 on the Saint Thomas School grounds in Long Beach, according to festival chairman Doug Hood.

A Miss Summercarnivalfest beauty pageant will be held Friday evening June 8. All Long Beach girls between the ages of 17 and 19 years are invited to enter by registering at the Clothes Closet in Tri Oaks Plaza, or with Anne Heideberg at Matchmaker Bell Realty in Long Beach May 1 thru 26.

There will be a \$25.00 entry fee to enter the pageant. The winner will preside over the weekend festivities and will represent the Carnival Association in the Long Beach Fishing Rodeo.

Entertainment on Saturday, June 9, will include contests

for children, bar-b-que dinner, game and food booths, a political rally with local candidates, and a country-western dance featuring Garland Moran and the Night Travelers.

In addition to the booths on Sunday June 10 there will be a smorgasbord dinner, fiddle contest, jam session, fish fry and a political rally featuring state and county candidates.

To register for any of the activities please contact one of the following:

Political Candidates: Fennell's Photography in Long Beach, 863-0704; Mr. Jim English in Long Beach; Robert Short in Gulfport, 863-8971; Robert J. Mount in Gulfport.

Booths: Mr. Frank B. Lott or Mr. C.L. Hicks of Long Beach, 863-6757.

Fiddle Contest: Mr. Doug Hood of Long Beach, 832-6110.

NSTL Navy hosts Royal Navy admiral

W.C. Palmer, commander of the Naval Oceanographic Office.

Admiral Haslam, the guest of honor, was accompanied to the ceremonies by Capt. J.R. McDonnell, commander, Naval Oceanography Command.

Haslam's recognition of the value of officer exchanges is based on his earlier personal experience as an exchange officer as well as on his involvement in the UK-US program as Royal Navy hydrographer.

He has served three times on exchange with the Royal Australian Navy; first as a midshipman and later for two years as a lieutenant and, on promotion to captain, as the Australian hydrographer.

Haslam entered the Royal Navy as a cadet in 1941. He saw war service in the Indian Ocean and North Sea before joining the surveying service as a sub-lieutenant in 1944.

For the part he played Haslam was awarded the

Order of the British Empire. In the rank of captain, he served as assistant hydrographer in 1970-1972.

For his survey work in the Solomon Islands in 1973, Haslam was awarded the Back Grant by the Royal Geographical Society.

He was director of hydrographic plans and surveys at the Hydrographic Department, Taunton, England and on November 12, 1975, he was appointed hydrographer of the Navy.

Father John Gasper marks 50th Jubilee

Rev. John Gasper, S.V.D., observed the 50th anniversary of his ordination on May 28 with a Mass of Thanksgiving at Divine Word Seminary at 10:30 a.m.

Homilist for the occasion was Most Rev. Carlos A. Lewis, S.V.D., Auxiliary Bishop of Panama.

Born in Dueren, Rhineland and Germany, Father Gasper entered the Divine Word Missionaries at its motherhouse in Setyl, Holland in April 1915.

He pronounced his first vows at St. Augustine's Seminary near Bonn on September 8, 1923 and his final vows on September 8, 1928 at St. Gabriel's Mission House, Moedling, Austria.

He was ordained a priest the following year on May 9, 1929 by Bishop Kamprath.

Following ordination, Father Gasper came to the United States and has served the majority of his 50 years in

Mississippi.

He was Prefect of the students at Divine Word Seminary, Bay St. Louis, from September 1930-37. Appointed Rector of the seminary in 1937, Father Gasper served two terms until he became pastor of St. Joseph's, Meridian in July of 1943.

In 1950 Father Gasper became pastor of Sacred Heart, Greenville followed by becoming pastor of Holy Ghost parish, Jackson and Christ the King parish, Jackson.

He returned to Bay St. Louis as Rector of the Seminary in 1964 and has since served in Our Lady of the Gulf parish, Bay St. Louis, St. Clare's, Waveland, and St. Paul's, Pass Christian.

He resides at Divine Word Seminary of St. Augustine.

A sister and brother, Mrs. Therese Gietemann and Mr. Paul Gasper, respectively, reside in West Germany.

Summer feeding program offered

Mississippi Action For Progress Inc., will sponsor a summer feeding program on Monday through Friday each week beginning June 4, 1979 and ending August 10.

The program will provide two free meals each day to children 18 years and younger without discrimination of race, color, or national origin. Meals will be served as follows:

Breakfast-8:00 a.m. to 9:00 a.m.

Lunch-11:30 a.m. to 1:00 p.m.

The feeding site in Hancock County are:

Bay-Waveland in St. Rose Catholic Church building;

Catahoula - Highway 603 and James Street.

Parents desiring to register their children for the summer feeding program are asked to complete and sign a request for release of liability form.

The form and additional information about the program may be obtained from the MAP area office located at Piquette or by telephoning 467-7641, 467-8463, or 255-7312.

Long Beach summer registration Friday

The Long Beach Recreational Department is now offering classes to all children residing in the Long Beach school district.

Registration for the program will be conducted Friday, June 8 from 12-6 p.m. and on Saturday, June 9 from 9-12 p.m. in the Long Beach Junior High Library.

In addition, there will be a registration Saturday afternoon from 2-6 p.m. at the St. Thomas gymnasium.

Classes in this six-week program will begin June 18 and most activities will extend to August 3. The activities will be conducted in the Long Beach area schools.

Classes offered include: Arts and Crafts for all ages; Art of Clowning; Auto Body Repair (High School students); Baton, Cake Decorating; Canoeing; Cooking (supervised, grade school children); Cosmetic Seminar (High School girls); Creative Writing & Poetry; Fencing; Field Trips to Battleship Park in Mobile and Stars Planetarium in Vandevoe; French and Spanish; Golf (for all ages); Gymnastics & Open Gym; Introduction to Dance and Movement; Karate (for all ages and levels); Kiddie Bellydancing; Kiddie Disco; Macrame and Latchwork; Personal Development (Teenage girls); Reading and Story Hours; Roller skating and Teen Slimnastics.

For special entertainment, Alo the Clown will be in the Long Beach shopping area Friday morning with balloons for children.

Also will be helping with all registrations and teaching the class on the Art of Clowning. Also appearing at all registrations will be Cookie Monster and Magician Roberto the Great.

During registration Saturday, June 9th, the recreational program will present a Fencing demonstration at 3 p.m., a Karate demonstration at 4 p.m., and a puppet show at 5 p.m. in the St. Thomas gym.

Most classes are tuition free; therefore, the recreation department encourages registration on the designated days. For further information call Long Beach Center for Community Education at 663-7246.

KNOW YOURSELF

The best way to choose a career, according to a career counselor at The University of Mississippi, is to know yourself. Dr. Jean K. Jones said finding the talents you possess can help you identify careers you'd be good in. The next step is to decide what fields will be personally satisfactory and rewarding. "Flexibility is also very important," she said because jobs and people change. "Developing broad skills and keeping up with change are other keys to success," she added.

LEGAL NOTICES

STATE OF MISSISSIPPI COUNTY OF HANCOCK

WHEREAS, on the 9th day of September, 1978, James Aubrey Rogers executed a deed of trust to Lorraine M. Moore, to secure an indebtedness therein mentioned to Lorraine M. Moore, which deed of trust is recorded in Book 154, page 69-11, inclusive, Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi; and

WHEREAS, the said indebtedness so secured is past due and unpaid; and

NOW, THEREFORE, I will, on Tuesday, June 5th, 1979, offer for sale at public outcry and in the legal hours, between 11:00 A.M. and 4:00 P.M., at the main front door of the County Courthouse of Hancock County, Mississippi, for cash to the highest and best bidder, the following described property, situated in Hancock County, Mississippi, to-wit:

Lot 13, Square 103, SHORELINE PARK SUBDIVISION, UNIT NO. 7, Hancock County, Mississippi, as per plat of said subdivision of record in the office of the Chancery Clerk of Hancock County, Mississippi. Together with all contents and equipment located therein.

I will convey only such title as is vested in me as Trustee.

NOTICE OF TRUSTEE'S SALE

WHEREAS, on June 18, 1978, Ronald L. Ramsey and wife, Milla A. Ramsey, executed a Deed of Trust to William S. Guy, Trustee, for the benefit of Jim Walker Home, Inc., which Deed of Trust is recorded in Book 210 at Page 477-488, in the office of the Chancery Clerk of Hancock County, Mississippi; and

AND WHEREAS, said Deed of Trust was assigned to Mid-State Homes, Inc., by instrument dated July 10, 1978 and recorded in Book 219 at Page 216, in the office of the Chancery Clerk of Hancock County, Mississippi; and

WHEREAS, default having been made in payment of the indebtedness secured by said Deed of Trust, and the holder of the note and Deed of Trust having requested the undersigned Trustee to do so; I will on the 15th day of June, 1979, offer for sale at public outcry and sell during legal hours between the hours of 11:00 A.M. and 4:00 P.M., at the main front door of the County Courthouse of Hancock County, at Bay St. Louis, Mississippi, to the highest and best bidder, the following described land and property, situated in Hancock County, Mississippi, to-wit:

Lot 17, Square 804, Shoreline Park Subdivision, Unit 6, Addition No. 2, Hancock County, Mississippi, as per plat of said Subdivision of record in the office of the Chancery Clerk of Hancock County, Mississippi.

I will convey only such title as is vested in me as Trustee.

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DIVISION OF THE DISTRICT OF MISSISSIPPI

IN THE MATTER OF THE ADJUSTMENT OF DEBTS OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, UNDER CHAPTER IX, TITLE 11 USC

CIVIL ACTION NO. 79-0108(N)

NOTICE TO CREDITORS OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI

You are hereby notified that:

The City of Bay St. Louis, Hancock County, Mississippi, (Petitioner) has filed a petition on the 4th day of April, 1979, seeking relief under Chapter IX of the Bankruptcy Act.

The sole and only creditor of the petitioner whose claim is disputed is Charles Morris, Administrator of the Estate of Jimmy Ray Warner, II, in the principal amount of Three Hundred, Seventy-Five Thousand Dollars (\$375,000.00) according to him as a result of the judgment rendered in behalf of the deceased in the United States District Court, Southern Division of the Southern District, Civil Action 79-0108(N) on the Docket of the Court.

Petitioner has sought relief under Chapter IX of the Bankruptcy Act because it has reasonable cause to believe that Charles Morris, Administrator of the Estate of Jimmy Ray Warner, II, might attempt to obtain payment of his claim against petitioner in preference to its other creditors. If the plan for adjustment of the debt of Charles Morris, Administrator of the Estate of Jimmy Ray Warner, II, is approved by the Court, the rights of the creditors of petitioner, other than said administrator, said creditors will be notified.

This 22nd day of May, 1979.

NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 24th day of May, 1974, Charles E. Carter, Jr. and wife, Catherine B. Carter, executed a second deed of trust to Russell W. Chapman, Trustee, to secure an indebtedness therein mentioned to Hancock Bank, which deed of trust is duly recorded in Book 150, pages 349-351, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi; and which deed of trust is subject to a first deed of trust in favor of Field-McGee & Company, as recorded in Book 156, pages 119-121, Hancock County Mortgage Records; and

WHEREAS, the said Russell W. Chapman declined to act as Trustee, and the beneficiary in said deed of trust, Hancock Bank, has substituted and appointed the undersigned as Substituted Trustee instead of Russell W. Chapman, which substitution is duly recorded in Book 205, pages 214-215, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi; and

WHEREAS, default having been made in the payment of said indebtedness, and the said Hancock Bank, the legal holder thereof, having requested the undersigned substituted trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;

NOW, THEREFORE, I will, on the 18th day of JUNE, 1979, within legal hours, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Court House in Bay St. Louis, Mississippi, the following described property located in Hancock County, Mississippi, described as follows, to-wit:

Lot 48, HILLCREST SUBDIVISION, First Ward and Rear First Ward, City of Bay St. Louis, Hancock County, Mississippi, being a subdivision of Lots 213, 214 and 222, First Ward, and part of Lots 45, 46 and 47, Rear First Ward, Bay St. Louis, Mississippi.

Together with all and singular, the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.

I will convey only such title as is vested in me as Substituted Trustee.

This Week, Redeem Your Manufacturers' Coupons at DOUBLE Their Value! Here's How:

1. Clip national manufacturers' "cents off" coupons from newspapers, magazines, circulars, etc. Check the dates — expired coupons can not be honored. (This offer does not apply to coupons from **JITNEY** or any other retailer or to "free" coupons.)
2. Bring your coupons to **JITNEY**

3. Purchase the coupon products in the specified quantities and sizes.
4. Present your coupons to our cashier. We will redeem them at **DOUBLE** their value! (We'll refund **up to** but **not more than** the total price of the item.)

This offer is good Wednesday, May 30 thru Tuesday June 5 and is limited to coupon values of 50¢ or less. Limit one cigarette and one coffee coupon per family. The customer must pay any applicable sales tax.

110 Good Reasons For Shopping Jitney!

Now you can acquire a taste for classical music in your supermarket.

Classical music has always been a treat to listen to. But it hasn't always been a treat to buy. After all, there are literally thousands of pieces and many have been recorded hundreds of times.

So if you'd like to sample some, the question naturally arises: "Where do you start?"

Well, starting now, the answer is in any one of our supermarkets. Because we're introducing Funk & Wagnalls Family Library of Great Music.

For your listening pleasure:
Each stereo recording is
manufactured by
RCA Custom Records.

It's a library of 22 albums complete with 60 of the classic selections of classical music by the world's most popular composers, including Bach, Beethoven, Chopin, Mozart, Tchaikovsky, Wagner and many more.

And to insure the classic quality of the selections, the music was selected by a board of renowned experts in the world of classical music. Including world-famous English conductor Sir John Barbirolli, legendary concert violinist Yehudi Menuhin and Sir William Walton, the eminent composer.

A different album, or two, will be on sale each week, with Album 1—Beethoven's Sixth Symphony—being sold at the record low price of just 69¢.* Albums 2 through 22

will be available for just \$2.69 each.

For your reading pleasure:
"The Great Composers"
collection plus a free binder
for it in Album 2.

Each album contains a chapter of "The Great Composers" with some words about the music you'll hear, the composer, his family and friends, and the places he lived and worked.

So the next time you're in the supermarket, you'll find Beethoven, Tchaikovsky, and Mozart, etc., are as easy to buy as bread, turkey, and mozzarella, etc.
